Next Meeting

Tuesday,

December 10

6:30 pm

Bozeman High
Wood Shop

Topic

Ornaments,
a multi-station
demo of favorite
projects with the
opportunity for
hands-on practice.

NRWG Member Meeting Minutes

November 12, 2019

The meeting was called to order by President Jarred McDaniel.

Guests included Joslin Fields, Alan Beard, Bruce Benedict, and Evan.

Treasurer's Report

Jim said we have \$2397 in the bank. Dues are due, \$25 for the year.

Jarred and Jim provided a review of the MADEfair booth. Jim felt it was a successful effort and his sales were good. Jarred reported that we made lots of items to give away, showed a lot of people our work, answered lots of questions about the club. Evan commented that as soon as he entered the fieldhouse, he made a bee line to where the action was, at our booth. There were suggestions about possible enhancements for next year.

We have an opportunity for a shop tour at a local wheelwright's shop. Jim asked if anyone would like to attend and a majority of the hands went up. He will talk with the wheelwright and arrange a Saturday morning tour, probably in January.

Jarred announced the December demo will be on ornaments, probably with a multi-lathe demo and including an opportunity for attendees to try out the methods being demonstrated. He will send out a request for volunteer demonstrators. He also asked for attendees to sign up to provide future demos or submit requests for demo topics on slips of paper handed out for the purpose.

The President's Challenge for this month, Platters, has produced a bountiful response. The Challenge for next month is Ornaments.

The city crews are taking down ash trees on College St. today and there will probably be wood available tomorrow for those who want some. The trees are being removed due to conflicts with power lines and not related to disease, so the wood should be sound, and it's definitely good sized.
